# About US

Koola herbals is a company that sells tea for women. The tea consists of traditional African herbs, used for generations to promote female reproductive health.

Our teas are grown and processed by rural African women. Providing economic empowerment to rural African women, by adding value to their knowledge and ability to grow healing herbs. Through this they earn a living wage for the very first time.

# OUR MISSION

To bridge the gap between two groups of women that need each other.  
One group is the women that seek natural ways of healing, the other  
group is the rural women of East Africa looking to earn an income for  
themselves and their families.

# OUR VISION

**Enable financial freedom , empathy and support of  
women through healing of others**

# TARGET GROUP

Our target group is women who are seeking natural ways to heal/promote and improve their reproductive health, and at the same time improving the quality of life for other women
